Library Automation:-

The Library uses Library Management software package which is an integrated multi-user library management system that supports all in-house operations of the Library. The Library Management software consists of modules on acquisition, cataloguing, circulation, serial control, utilities and OPAC. Retrospective conversion of bibliographic records has been completed and more than 21000 bibliographic records of books available in the Library can now be accessed through the OPAC. The database of books available in the Library is being updated on day to day basis with details of recently acquired books. Details are as follows:-

Sr.No.	Particular	Details
1	Library Management Software	Biyani Technologies: ERP
2	OPAC	Available
3	Barcode	Available

Access to E-Resources:-

National Digital Library (NDL) Membership:-

The Ministry of Human Resource Development, Government of India, as initiated the National Digital Library (NDL) project to develop a framework of a 24x7 facility for hosting a virtual repository of knowledge with a single-window search facility. NDL aims to bridge the exiting gaps for advanced knowledge discovery and development of knowledge. The vision is to build NDL as a National Knowledge Asset that should become the key driving force for education, research, innovation and technology economy in India. We became member of NDL in January 2017. Library has taken an initiative and created membership for 120 faculties and currently they are using all the faculties of NDL. Similarly for students' membership we have planned accordingly.
